CAREER OBJECTIVE

Aspiring IT professional passionate about creating impactful tech solutions. Skilled in programming, problem-solving, and project management, with experience in developing user-friendly applications, eager to apply technical skills and creativity to solve real-world problems in a dynamic environment.

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech.	Malla Reddy University	9.20 (Current)	2022 - Present
Senior Secondary	Telangana State Board of Intermediate Education	94.1%	2022
Secondary	Telangana State Board	10.0	2020

PROJECTS

- **Name :** Console Application for Data Encryption and Decryption **(June 2022 – Nov 22)**

Technology : python, base64, Vigenère Cipher Encryption Technique.

Description : Console based application used to encrypt data (sender side) and decrypt data (receiver side) using vernier cipher technique where the alphabets are arranged in a different way to make original plain text into cipher text.

- **Name :** Serverless Authentication App **(July 2023 – Nov 2023)**

Technology: MERN Stack.
Description : Built an authentication system handling sign-in/sign-up functionalities securely.

- **Name :** Credit Risk Management App **(Jan 2024 – April 2024)**

Technology: Python, pandas, Sklearn (regression, random forest), numpy, seaborn, matplotlib.
Description : This project aims to build a hybrid machine learning model that combines classification (to predict whether a borrower will default) and regression (to estimate the potential default amount). The final output is the Expected Loss, which provides a more insightful measure of financial risk than classification alone.

Working on:

- **Name :** CODE RED **(Jan 2025 – Going)**

Technology: MERN Stack
Description : Working on real-time, location-based emergency blood assistance web platform that instantly connects compatible donors with seekers to save lives faster and more efficiently.

TECHNICAL SKILLS

- **Programming Languages**: Java, python
- **Web Technologies**: HTML, CSS, JavaScript, MERN Stack (Intermediate), Java FullStack(Intermediate).
- **Database & Storage**: MySQL, MongoDB, Pandas (DataFrames)
- **Development Tools**: Git, GitHub, Eclipse , IntelliJ IDEA , Jupyter Notebook, VS Code,.
- **Operating Systems**: Windows, Linux*
- **Tools and Frameworks**: React.js, Node.js, Data Analytics with python (numpy, pandas, matplotlib).

** Elementary proficiency*

SOFT SKILLS

- Problem solving
- Good communication
- Teamwork
- Time Management

ACHIEVEMENTS

- **Runner-Up – Speakathon** secured 2nd place in a speakathon event held at Malla Reddy University .
- **Successfully completed Programming in Java** through NPTEL with a score of 45% (Roll ID: NPTEL24CS43S1057403309).
- **Completed Cloud Computing** certification from NPTEL with a score of 61% (Roll ID: **NPTEL24CS118S1050206031)**

POSITIONS AND RESPONSIBILITIES

- **Class Representative – Department of Information Technology** B.Tech 1st Year to 3rd Year.
  - Acted as a liaison between students and faculty throughout semesters.
  - Resolved academic issues and facilitated clear communication channels.
  - Coordinated departmental activities, feedback collection, and event planning.
- **Team Lead – B.Tech Major Projects (1st to 4th Year)**Led technical development and coordination across all project phases
  - **1st Year: Encryption&Decryption using Vernier Cypher Technique** – to encrypt and decrypt data using alphabets reordering.
  - **2nd Year: D-Sale** – An Ecommerce Website Prototype which was useful for farmers to sell crops online
  - **3rd Year: UniFy** – developed a college social media kind of application to increase the interaction between students.

EXTRACURCULLAR

- Member of the Elite club at MallaReddy University; actively involved in tech talks and weekly coding sessions.
- Completed an unpaid internship as an web developer Intern at Internpe, gaining hands-on experience in real-world web applications developement .
- Attended a Technical Summit and National level Hackathon conducted by Knowwation Learnings on
- **Fitness Influencer :** post content related to Fitness on Instagram, helped many people regarding their fitness goals

PERSONAL DETAILS

- **Date of Birth:** 25-08-2005
- **Gender** – Male
- **Marital Status :** Single
- **Address :** H.NO:12-82, Adarsh Nagar Opp IDPL colony, Hyderabad, Telangana 500037.
- **Nationality –** INDIAN
- **Languages Known** - Maithili, Hindi, English, Telugu.

DECLARATION

I hereby declare that the information provided above is true to the best of my knowledge and belief.
